BeenThereDoneThat
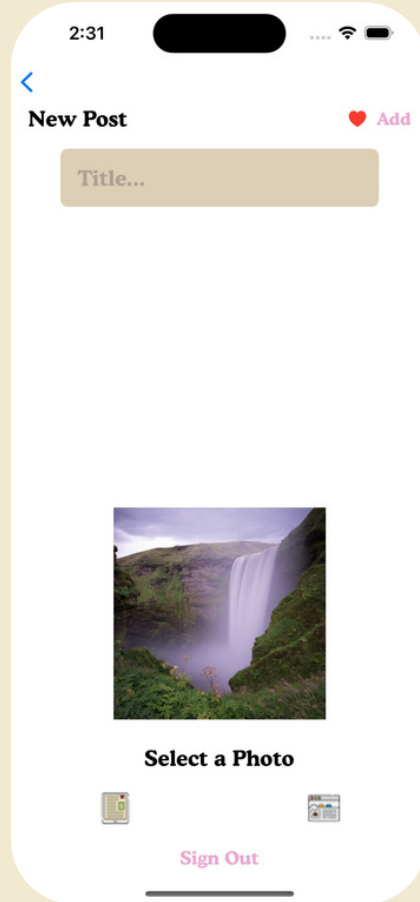

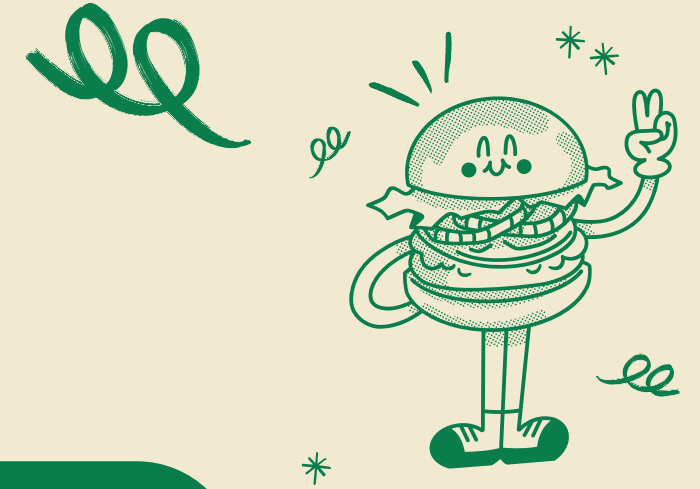

Christina Choi & Troy Womack-Henderson

Purpose

- A fun journaling and photo-taking app
- Document your day-to-day through feed "posts" and journal entries
- The essence of Instagram but without the social media aspect

Functions

- Upload photos of your day with a meaningful caption
- Scroll through journal prompt recommendations for inspiration
- Create your own journal entries about anything you want

Tech Stack

Firebase : *User Authentification*
FireStore: *Journal Uploads & Caption*
Firebase Storage: *Photo Uploads*
XCode: *iOS Development Environment*
Swift: *concise syntax and modern features*

A fun journaling and photo-taking app to document your day-today with no pressure.
